E-News Letter _January 2015

CHAIRMAN COMMUNIQUE...

DEAR MEMBERS AND STUDENTS,

“Success and failure are both part of life. Both are not permanent”.

The approaching end-of-year means different things to different people. For some it is the start of the festive Season. For others it is no different to any other time of the year. However, for all of us it means another Calendar year has passed; another milestone in our journey has been reached. It is, fittingly, a time for looking Back but also a time to look forward. In looking back over 2014 we see both the good things that happened As well as the disappointments we had. Being human we tend to focus on the bad. What happens when? For a moment, we look at the good things in 2014? When Pimpri Chinchwad Branch of WIRC of ICAI does that , we recognize with appreciation the support we received in many ways from our Members, Associate Members, Expert Panel.

My special thanks to all the Chief guests/Guests of honours/Guest Speakers and also to all the members for Taking part in our initiatives and making them successful. I remain thankful to all the sponsors for providing Support to Pimpri Chinchwad Branch of WIRC of ICAI in organizing various programs.

CA. Baban S.Dangale
Chairman, Pimpri Chinchwad Branch of WIRC of ICAI.

Article By:- **Mr.Amit Khadke**

Definition

The process of using a computer program to transmit information electronically to another party. This allows the user to complete and submit the information in a timely fashion. The electronic filing system prevents the user from making small mistakes by alerting them if something does not register correctly. A large majority of federal and state revenue departments offer citizens the ability to file yearly tax returns using an electronic filing system. The Internal Revenue Service provides this service free of charge for federal tax returns.
